

UniSport Australia Guideline

Prizes

Prizes for performance at a UniSport event may not be awarded in the form of cash or equivalent (e.g., bank account, cheque).

Prizes in the form of goods, trophies and the like may be awarded under the following conditions:

- Organisers must present UniSport medals and trophies (where applicable) to successful participants in line with the *UniSport Awards and Point Scoring* guideline.
- Unless otherwise approved by the UniSport Board, no prize of value greater than \$1,000 may be awarded at a UniSport event.
- Prizes may only be awarded if donated by sponsors. Entry fees and organiser resources must not be used to provide prizes. Any cash donated by sponsors should be used to offset event costs and reduce entry fees, not to purchase prizes.
- Prizes must not include gifts (or gift cards) relating to alcoholic beverages or gambling products.
- Organisers have a responsibility to ensure that prizes presented are appropriate and reflect positively on the event and UniSport in general.
