

2017-18 BQJBC/QNJBC Garments and Accessories Memorandum Version 3

All FIBA rules shall be followed with the following exceptions:

- All accessories (including compression garments and medical braces) may be black, white or the dominant colour of the team uniform. They do NOT all have to be the same colour for every player within the team.
- Taping and bandages shall be beige, black, white or the dominant colour of the team uniform. The colour of the tape does NOT have to be the same for every player within the team.
- Socks do not need to be visible for the BQJBC or QNJBC seasons. Players should however be aware that at a State Championship and National Championship level, socks will need to be visible. There are no colour restrictions on socks.
- Any reference to accessories or compression garments needing to be the same colour across the whole team shall be disregarded.
- The FIBA rule that left and right shoe must be the same may be disregarded for the BQJBC and QNJBC seasons. Players should however be aware that at a State Championship and National Championship level, they must abide by the FIBA rule
- The following pictures depict acceptable compression garments for BQJBC, QNJBC and State Championships. If your garment is not shown, you must have written permission from Basketball Queensland to wear that garment

COMPRESSION SINGLET

COMPRESSION SHORTS

ARM SLEEVE

LEG (CALF) SLEEVE

KNEE GUARD WITH EXTRA SLEEVE

KNEE GUARD

N.B. 'Dominant colour' is the predominate colour of your team's primary or alternate singlet. For example, if the predominate colour of your team's primary singlet is blue, and alternate singlet is gold, your compression garments may be blue, gold, black or white.
