Macquarie's basketballers shine on the world stage

Macquarie shone on the world stage last month, with the University's 3x3 basketball team representing Oceania at the 2022 FISU (International University Sports Federation) University World Cup in Turkey.

Comprising students Ciaron Fitz-Gerald (Bachelor of Medical Science), Jayden Prakash (Doctor of Physiotherapy), Patrick Tyrrell (Bachelor of Mechatronic Engineering) and Eromon Uadiale (Bachelor of Human Science), the team defeated representative teams from Central America and Europe in the finals, before being defeated by the team from Brazil's Paulista University to claim the silver medal.

In congratulating the Macquarie team, the Chief Executive Officer of UniSport Australia Mark Sinderberry said that their success "is testament to the support provided through Macquarie University and would not have been possible without the efforts of the sport program staff and coaches in particular."

Sport

- Elite Pathways
- Staff Development
- Engagement
- Student Leadership

University:

- Awareness
- Collaboration
- Executive Engagement

FISU University World Cup 3X3

WHY IS IT STILL IMPORTANT?

- Unique and Rare Opportunity
- High Performance
- Relationships and Engagement
- Student Experience

Overarching Principles

What are we guided by?

1. We will be true to our mission & vision:
Our Mission: to give life to the Campus – via activations
*Our Vision: to be custodians of **creating a sense of belonging with Macquarie University***
2. We are a University – **students should come first.**
3. We aim to **create "stories"** - this is in addition to delivering experiences.

What do they students say?

LET'S HEAR FROM SOME OF THE PLAYERS

CIARON FITZGERALD
DOCTOR OF PHYSIOTHERAPY

2018 | 2019 | 2022

"In all my years playing sports at incredibly high levels seldom does anything come close to representing your Country and University on the world stage."

What do they students say?

LET'S HEAR FROM SOME OF THE PLAYERS

EROMON UADIALE
BACHELOR OF HUMAN SCIENCE

2019 | 2022

"It not only introduced us to the host countries' cultures, but cultures from around the world. While we gathered in a shared space to play this game we love, we shared stories and experiences of our homelands, learning of differences but ultimately our same human nature"

What do they students say?

LET'S HEAR FROM SOME OF THE PLAYERS

JAYDEN PRAKASH
DOCTOR OF PHYSIOTHERAPY

2018 | 2019 | 2022

*"Representing MQU over the 2017-2022 period in 3x3 basketball was by far the greatest opportunity I had in my university career. Not only did it enrich me with international culture and experiences, but it developed interpersonal **connections between my peers, colleagues and international competitors.**"*
